BSNL Telecom Circles

Subject: Monetization /Retention of land parcels in BSNL.

BSNL has more than 15000 land properties all over India. The Union Cabinet has allowed monetization of land as a vital part of package announced for the revival of BSNL. In order to properly plan the monetization and renting activities, it is essential to have an updated digitized database of all properties.

In this regard, an excel file containing the list of all properties of BSNL (as available with us) is enclosed herewith. Each property in the list has a Unique code assigned to it, as given in column no. 5 of the excel file. This property data may contain errors and there is some duplicity in data as in some instances, same property has been listed under territorial circles and also under the maintenance regions, T&D circles, TF etc. All the circles are requested to check the attached property list and urgently take the following steps-

(a) Inform the details about properties to be retained with BSNL in the following format. –

SN	Unique Code of property	Whether to Retain/ Dispose / Partly dispose the property	Spareable Area (in sqm) which can be monetized if option in previous column is 'Partly dispose'	Remarks (Brief reason for retention, Joint ownership with DoP, encroachment or any other relevant information)

- (b) Any error or duplicity in the data may also be mentioned in the remarks column above, so that it can be corrected in database. Any property missing in the list may also be informed.
- (c) Extensive efforts are to be made to compile original records for each property (i.e. property title, plans, mutation documents, copy of utility bill, property tax bill etc.) in a separate file/folder.

Please do not wait for entire information to be ready for all properties in your area. The data about properties in major towns and cities may be informed to us in the first instance and subsequently data about other properties may be sent. Information can be supplied on email address agmlmbsnl@gmail.com.

This may be treated as most urgent.

Encl: As above
