Dear Shri Manoj Sinha Ji,

Today, a group of representatives of Organisation of BSNL Unions and Associations met me and submitted a memorandum to me regarding an appeal to take up the case of revision of pay scales of the employees of Bharat Sanchar Nigam Limited as per 3rd PRC Report (copy enclosed).

BSNL has been discharging the social obligations of the Govt. of India by providing services in remote and rural areas in spite of incurring loss because of these services. Its presence in the telecom field as a fully Govt. owned PSU, has acted as a 'moderating factor' in controlling the tariff in favour of the customers. In the prestigious Digital India program too BSNL is contributing in various areas.

I recommend this proposal for your consideration.

Yours Sincerely,

(Dr. Udit Raj)
